

PHARMACEUTICAL MANUFACTURING SERVICES

STAND-ALONE SERIALISATION SERVICES

Recipharm offers a stand-alone serialisation service of finished packages to help our customers comply with the European Falsified Medicines Directive (EU FMD) and other serialisation regulations across the global pharmaceutical market.

Such regulations are being introduced to help tackle the challenge posed by counterfeit medicines and ultimately secure the supply chain for companies and patients.

Our stand-alone serialisation service allows companies to meet legislative requirements while ensuring business as usual operations.

Led by a dedicated task force, our serialisation programme was launched in 2017. Since then we have already delivered over two million serialised and aggregated packs to markets including China, South Korea, Saudi Arabia, Turkey and the US.

At Recipharm we offer:

- ▶ Serialisation and aggregation of secondary packaging, including blisters and bottles, for multiple global markets including Europe
- ▶ Ability to add 2D data matrices, human readable text and tamper evidence to pre-packed medicines
- ▶ Use of serialisation equipment at sites across the world
- ▶ Access to a team of experts specialising in global serialisation regulations
- ▶ Flexible and efficient service

About Recipharm: Recipharm is a leading contract development and manufacturing organisation (CDMO) headquartered in Stockholm, Sweden. We operate development and manufacturing facilities in France, Germany, India, Israel, Italy, Portugal, Spain, Sweden, the UK and the US and are continuing to grow and expand our offering for our customers.

Employing around 5,000 people, we are focused on supporting pharmaceutical companies with our full service offering, taking products from early development through to commercial production. For over 20 years we have been there for our clients throughout the entire product lifecycle, providing pharmaceutical expertise and managing complexity, time and time again. Despite our growing global footprint, we conduct our business as we always have and continue to deliver value for money with each customer's needs firmly at the heart of all that we do. That's the Recipharm way.
